

Korean War Map Activity

Directions: Use the map in your text on page 654 to locate the features described below.

Key

1. North Korean troop movements
2. United Nations troop movements

Draw the following on your map:

3. 38th Parallel
4. Lines that represent North Korean troop movement
5. Lines that represent the United Nations troop movement

Label the following on your map:

6. Countries: China, Soviet Union, North Korea, South Korea and Japan.
7. Cities: Mokpo, Pusan, Inchon, Seoul, Pyongyang, Wonsang
8. Yellow Sea and the Sea of Japan.
9. River separating North Korea from China.

Answer the following questions on the back of where you glued your map (in your notebook).

1. What parallel divided North and South Korea before and after the war?
2. Which nation was most concerned about United States troops invading North Korea?
3. Why do you think the United States led the effort against the invasion of South Korea?
4. What might be some of the possible geographical advantages and disadvantages that both North and South Korea faced during this war? (Think about water, allies, and movement of troops)
